

VIRTUAL LEARNING with KBA TRAINING

IMCA Diver Medic Technician (DMT) & Refresher Course

Singapore | India | Malaysia | Philippines | Thailand | UAE | Brunei

An Essential Skill that Saves Lives

Diver Medic Technician Course

This IMCA Approved Course provides participants with the skills, knowledge and the confidence to administer the Life Support techniques learnt during the training effectively and safely. Attendees will be taught how to assess the casualty promptly and provide resuscitative measures with up to date emergency first aid equipment. This course will provide the attendees with IMCA approved DMT certification that is recognised internationally.

Who should attend?

1. Anyone who holds an offshore qualification in diving—LSS, LST, Diving Supervisor or Diver qualification recognized by IMCA
2. Anyone who has passed the DMT full course or is a current DMT Certificate holder that is due for renewal.

Course Objectives

To train commercial divers to be certified IMCA Diver Medics. It is a known requirement by IMCA to have one member of a dive team who is not diving, other than the supervisor, trained in advance first aid - generally referred to as a 'diver medic'.

Duration

1. For DMT, 10 Days of instructor-led virtual class via ZOOM + practical training and assessment at the designated establishment of each country (see below)
2. For DMTR, 5 Days of instructor-led virtual class via ZOOM + practical training and assessment at the designated establishment of each country (see below).

At the end of the course, delegates will be able to

- ◆ Perform Basic Advanced Cardiac & Trauma Life Support.
- ◆ Understand the Medical, Legal & Ethical aspects of a DMT.
- ◆ Correct handling & assessing of patients with diving related injuries in a Hyperbaric Chamber.

Also available - An approved "Away from Home" programme with some of our centres.

Please contact us for more details

Approved Practical and Assessment Partners

- Singapore - KBA Training Centre Pte Ltd
- Balikpapan, Indonesia
- Bangkok, Thailand
- Brunei
- Dubai, United Arab Emirates
- Kuala Lumpur, Malaysia
- New Delhi, India

How is it assessed?

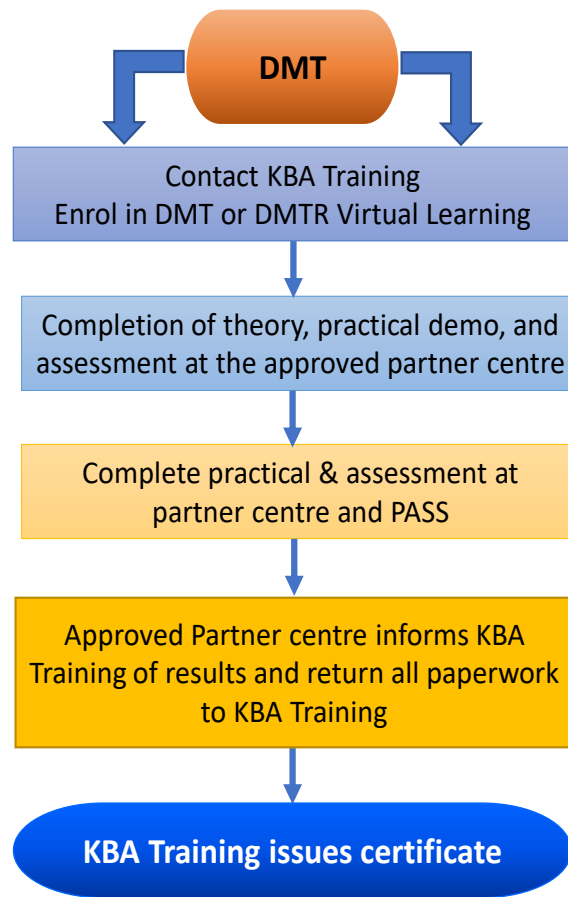

After completing the theory and practical demonstrations virtually, delegates must proceed to the designated practical and assessment partner establishment to attend the practical training and assessment*.

The course is assessed by:

1. A multiple-choice paper
2. Assessment on Practical Scenarios

Delegates, who attend and successfully complete both the virtual class and assessments will be awarded the DMT certificate, which is approved by IMCA and will be valid for 2 years. A minimum pass grade of 75% is required for certification.

Registration Flow

*Candidates are to schedule their practical and assessment with the respective local partner. Information will be provided upon registration.
